

Dear Parent/Carer,

**Multiplication Tables Check (MTC) for Year 4**

<b>What is the MTC?</b>	This is a statutory assessment for all <b>Year 4</b> children in England set by the Government. It is an on-screen assessment designed to determine whether children are able to fluently recall their multiplication tables, up to 12, through a set of timed questions. The MTC consists of 25 questions and the children are given 6 seconds to answer each question. Click <a href="#">here</a> for a presentation.
<b>Where can I find further information about the MTC?</b>	More detailed information about the MTC can be found <a href="#">here</a> .
<b>What can I be doing to support my child at home?</b>	<p>We have provided a short information <a href="#">slideshow</a> on how to support your child in learning the multiplication tables at home. We also recommend that you encourage your child to go on Time Tables Rock Stars (TTRS) as often as possible - 10 minutes a day. Thank you for working with your child to improve their automaticity and fluency when recalling their multiplication tables.</p> <p>When you are practising with your child, remember you're practising for the benefit of their wider maths education, not for them to get a high score on the MTC.</p>
<b>Are there websites to help my child?</b>	There are lots of websites for helping learn multiplication tables. Some examples include: <a href="#">Times Table Rock Stars</a> , <a href="#">Maths Frame</a> and <a href="#">Hit the Button</a> .
<b>When will it take place?</b>	In school between Monday 3rd June and Friday 14 <sup>th</sup> June 2024.
<b>What is the pass mark?</b>	There is no pass or fail, just a score out of 25 marks. Your child's score will be sent home to you by letter.
<b>Why is learning the multiplication tables so important?</b>	Learning the multiplication tables is fundamental - they are the building blocks for many other mathematical concepts and essential skills for accessing the upper junior curriculum.

Thank you,

**The LJ Team**
