

HORDLE EXPLORERS

New online learning journal INTERACTIVE LEARNING DIARY (ILD)

We are very pleased to announce that we have launched our new Learning Journal which is called **Interactive Learning Diary or ILD**.

You will have recently received an invitation to access the parent portal and we would kindly ask that all parents action this as soon as possible so that we can share observations and photos of what your child has been up to whilst at nursery.

For details on how to register for an account please click [HERE](#). You can choose to either register for the [online Parent Portal](#) or simply use the **ILD Parent 2** App.

The **ILD Parent 2** App is available via the App Store and Google Play. Once registered, you can set up a pin code for even quicker access to observations, photos and details on activities taking place in the nursery setting. You may also add your own photos of activities your child may be taking part in and any special moments you wish to share with the team.

You will additionally be able to view your child's attendance and a daily summary of sleeps/

meals and toileting as well as Next Steps for your child throughout the course of the year.

We hope that the parent portal will open up and provide further opportunities for parent engagement with the nursery team. Due to the ease of use, the portal encourages parental participation in their child's development which in turn, we hope will greatly assist and enhance your experience of your child's time with us.

The ILD team are continuously looking at ways to improve the system and will shortly be launching a new improved app so please keep an eye out for further information on this in the coming months. In the meantime please do familiarise yourself with the website and/or app as the format won't be changing hugely.

If you have not yet received your ILD invitation please email hen@hordleprimary.co.uk and we will resend this.

Thank you in advance for your support.

Coming soon!

You should soon be able to view invoices which will provide you with better access to invoice information and ad-hoc billing. Payment will still be via the usual channels but we hope this will provide greater visibility for parents as we head into the new academic year.

If you have any questions regarding the online Parent Portal system or the ILD 2 Parent App please do not hesitate to contact us.
